Mahoney Regains Slim Lead

Rebels Bomb Guatemalan Capital

New Military Junta Orders Red Party Ban

President Who Quit Reported Flying To Exile In Argentina

TEGUCIGALPA, Honduras, June 28 (AP)—Rebel leader Col. Carlos Castillo Armas tonight demanded the "unconditional surrender" of the new military junta ruling Guatemala.

TEGUCIGALPA, Honduras, June 28 (AP)—The anti-Communist rebels again attacked the Guatemalan capital with their air force tonight despite the change in governments there.

First reports quoted the Guatemalan government radio as saying 12 planes bombarded the capital less than 24 hours after Col. Carlos Diaz and a military junta had replaced leftist President Jacobo Arbenz Guzman and outlawed the Communist party.

Arbenz was reported en route by plane to exile in Argentina.

Other listeners to the Guatemalan broadcast, however, understood that only one or two planes attacked with bombs and machine guns.

Three planes were the most the rebels have used in previous raids on the capital.

Rebels Broadcast Ultimatum

The "Liberation" radio of Col. Carlos Castillo Armas, who set out to overthrow Arbenz 11 days ago, earlier today called the Diaz regime "usurpers" and broadcast an ultimatum to the new government to set a cease-fire or face new air bombardments of the capital.

Castillo Armas announced that his newly proclaimed government, which has been fighting the Arbenz regime since June 18, would "raise" their arms against what he termed the "unconstitutional" junta.

His "Liberation radio" threatened the renewed bombing of Guatemala City if the junta did not sue speedily for a cease-fire.

Castillo Armas obviously feared the outlawing of communism would pull the rug out from under his anti-Communist invasion movement.

Inspection Tour Set

The Guatemalan government radio announced decrees proclaiming a new provisional government with Col. Carlos Diaz as president and chief of the armed forces.

(The Guatemalan Embassy in Washington gave the green light late Monday to an inspection tour of the civil war front by the Inter-American Peace Committee. The five-nation committee, an agency of the Organization of American States, had put off its scheduled departure Monday to investigate Guatemalan charges of aggression against neighboring Honduras and Nicaragua in order to learn whether the new Diaz government would permit it to enter Guatemala.

Truman Better But His Condition Remains Serious

KANSAS CITY, June 28 (AP)—Harry S. Truman was reported today "in a somewhat less serious condition than last night," but additional medical experts are here to assist his treatment.

A hospital spokesman told newsmen at a mid-morning press conference that the enteritis (intestinal inflammation) from which the former President had suffered was greatly improved. He also said there was nothing to a report that the 70-year-old patient had suffered a hemorrhage of the bowels.

Mr. Truman underwent an emergency operation for removal of his gall bladder and appendix June 20.

Bacteriologists were brought here from California and New York, the hospital said, but neither the number, nor their names were disclosed.

Robert E. Adams, acting hospital administrator, described them as specialists in anti-biotics.

Last Saturday, after the patient's condition was reported more serious, Adams said Mr. Truman's recovery had been hampered by secondary infections and "hypersensitivity to many drugs needed for therapeutic effect."

Specialists in internal medicine were present this morning when Dr. Wallace Graham, the patient's physician, arrived at the hospital. There are three principal physicians in addition to Dr. Graham.

Lid Raised On Housing "Windfalls"

WASHINGTON, June 28 (AP)—The Senate Banking Committee lifted the lid today on a series of government - insured real estate deals which promoters allegedly pocketed "windfall profits" of millions on original investments of only a few thousand dollars.

Chairman Capehart (R-Ind) attributed the situation to a combination of "maladministration and looseness of the law" under which the big apartment house projects were built to ease the housing shortage after World War II.

As the full-scale investigation got under way, Capehart said he isn't yet prepared to say whether "there has been collusion or direct violation of the law."

"Cleanup" Deputy Agrees

William F. McKenna of the Housing and Home Finance Agency agreed with Capehart that the profits couldn't have been made if the law had been administered properly.

McKenna was appointed by the Eisenhower administration last April as a special "cleanup" deputy to Albert M. Cole, chief of the HHFA.

He testified that during the two years preceding last April, when the White House began looking into the housing situation, the FBI sent 163 cases of alleged abuses to the Federal Housing Administration for investigation, but that only nine were actually probed. FHA is a section of the HHFA.

Builders Gave Gifts

McKenna also told the investigators he had reports that in some areas, including Washington, D.C., Philadelphia and Alaska, builders made it a practice to give FHA employes expensive gifts, such as television sets and wrist watches.

He said some FHA employes lived far beyond any scale justified by their government salaries, adding he has "leads and allegations" in this connection.

McKenna gave the committee a list of 27 large-scale apartment projects, together with their stockholders, which he said set the "pattern" for deals in which Capehart has estimated half a billion dollars in windfall profits were harvested.

So far, 300 building projects have been fully investigated and 700 others are under scrutiny. McKenna said his list of 27 was indicative of what was found in the 300.

Senate Pages Accused Of Shooting Out Lights

WASHINGTON, June 28 (AP)—Four pages in the U. S. Senate have been arrested by juvenile authorities and charged with shooting out street lights with an air rifle, police disclosed today.

The boys, ranging in age from 14 to 16 years, were not identified by name.

Sgt. William C. Rasmussen of the police juvenile squad said their cases "will be handled just like any other juveniles."

The Senate pages, who run errands on the Senate floor and elsewhere for senators, are appointed by members of the Senate. They attend a special school for pages at the capitol.

International Bridge Washed Out

This aerial view looking to the U. S. side from Ciudad Acuna, Coahuila, Mexico, shows the International Bridge washed out by Rio Grande floodwaters. The river reached a record high of 40 feet at Del Rio, Tex., yesterday, breaking a previous high of 35.5 feet. All people were evacuated from the city yesterday.

Plane Fires On U. S. C47 Headed For Guatemala

TEGUCIGALPA, Honduras, June 28 (AP)—U.S. Ambassador Whiting Willauer announced today an unidentified P47 fighter plane fired two bursts of machinegun fire at a U.S. Air Force C47 transport plane.

The transport, assigned to the embassy here, was flying to aid two American newsmen who crashed landed in a light plane yesterday at Esquipulas, Guatemala.

Not Known If Plane Hit

Willauer said he did not know whether the transport was over Honduras or Guatemala when the attack occurred at 6:18 a.m. today. There also was no immediate information as to whether the plane was hit, he added.

The C47 escaped by taking "cover in the clouds," the U.S. envoy said. He added that it flew on to neighboring El Salvador.

Military Attache Aboard

Willauer said the C47 was carrying Col. Charles Sawyer, military attache of the U.S. Embassy here. It had been ordered to fly over Esquipulas so Sawyer could drop messages to the two newsmen to signal their condition.

The newsmen were identified earlier as Robert Lubar, chief of Time and Life Magazines' Mexico City bureau, and George Silk, a Time-Life photographer. The U.S. envoy said he had been informed no one was injured.

Today's Chuckle

"What's your age?" asked the magistrate. "Remember," he cautioned, "you're under oath."

"Twenty-one years and some months," the lady answered.

"How many months?"

"One hundred and fifty."

12 Dead In Texas

Thousands Flee Rio Grande Flood

DEL RIO, Tex., June 28 (AP)—The greatest flood in its history boiled down the Rio Grande tonight in the wake of rains which ranged up to an unofficial 22 inches in the Southwest's ranch country.

Twelve thousand persons were reported homeless at the Mexican border city of Ciudad Acuna, Mexico, across the river from here. At least 12 drowned at Ozona, Tex., a ranch town 120 miles to the north where five bodies were recovered and two persons were missing.

Although history-making crests rose in the gorged Rio Grande, the border river itself was not expected to take any lives.

Four Bodies Recovered

But along the Pecos and Devil's rivers which empty into the Rio Grande and the usually-dry draws in the sheep and ranch country north of here, it was different.

Sirens screamed, church and school bells rang, and much of Ozona's population turned out to sightsee as Johnson's Draw, which cuts through the middle of the town of 2,885 people, rose higher and higher.

Despite warnings, lives were lost. Of five bodies recovered, only those of Donna Jean Clapp, 13, George Russell, county clerk, and Hazel Mannie, 55, were identified.

Airlift Completed

The State Civil Defense Office in Austin reported 52 vials of typhoid serum were being flown to Ozona. Portable water purification units also were being sent in.

Texas Ranger Max Westerman said at Del Rio that the 12,000 homeless at Ciudad Acuna had been evacuated into the hills. The state Red Cross sought to determine if the Mexican Red Cross needs help in feeding and sheltering them.

U.S. Air Force helicopters completed today evacuating 266 passengers from the Southern Pacific streamliner Sunset Limited at Langtry, Tex. They also evacuated a number of motorists stranded in the little west Texas town where Judge Roy Bean once held court in his saloon as the only law west of the Pecos.

Electric Fans Rout Marauding Birds

CONGERS, N.Y., June 28 (AP)—When marauding birds depleted Niles Davies' cherry crop, he first became annoyed.

Then, today, he became ingenious.

Davies recovered some old electric fans from his barn and installed them in strategic spots in his cherry trees.

At day break, when the birds came, he turned on the fans. They hummed, rustled the leaves and the birds left without breakfast.

Demos To Fight For Income Tax Exemption Hike

WASHINGTON, June 28 (AP)—Senate Democrats composed their differences today and agreed to make a floor fight for a $100 a year increase in the income tax exemption as debate opened on a general revision of the revenue laws.

This is the same proposal the Democrats offered in the House in March and which the administration defeated 210-204.

Sen. George of Georgia, senior Democrat on the Senate Finance Committee, told reporters after a top-level strategy meeting that the Democrats agreed to concentrate on the exemption increase and to try to knock out a tax relief provision for stockholders' dividend income.

The Senate adopted a unamimous consent agreement to begin voting on amendments Wednesday, with final action on the bill perhaps by Wednesday night or Thursday.

The Democrats got together on their plans after Sen. Millikin (R-Colo) opened debate on the tax revision bill and urged the Senate to approve the measure as a badly needed shot in the arm to the nation's economic growth. The bill is a prime part of President Eisenhower's legislative program.

Millikin said millions of taxpayers will be "sorely disappointed" if it isn't approved.

10 Die In Election Clash

RAWALPINDI, West Pakistan, June 28 (AP)—Police reported today 10 villagers were killed and many others injured in a clash between rival political factions during a local election campaign in the village of Kirpa.

British Leader Asks Peace 'Try' With Russians

WASHINGTON, June 28 (AP)—President Eisenhower and Prime Minister Churchill pledged today to "press forward" with plans for a free-nation shield against the Communist threat in Southeast Asia.

At the same time, Churchill strongly appealed for a "real good try" at living peacefully with Russia to avert a horrible war which would leave the democracies "victorious on a heap of ruins."

The British leader, speaking at a giant news conference as his critical talks with Eisenhower drew toward an end, made it clear he still favors a Big Three meeting with Russia's Premier Malenkov. But, he cautioned:

"To meet without good occasion, without some hope of definite amelioration of the world situation, might worsen and sharpen tensions."

Urges More Trade With Russia

In a voice frequently touched with emotion, Churchill also strongly urged greater Western trade and cultural contacts with the Russians. This might convince the Kremlin rulers, he said, that they have more to gain by 25 years of peace with the West than by pushing toward a possible new war.

Britain and the United States, he said, must march hand-in-hand in leading the Free World despite temporary differences and, if necessary, must stand "shoulder-to-shoulder" to defend freedom.

The joint American-British decision to begin informal talks for a Southeast Asia defense treaty stood out as the most important agreement mentioned in a 500-word statement summing up the 3½ day Eisenhower-Churchill conference.

Diplomats said British-American experts will explore this prospect in detail after Churchill leaves tomorrow by plane for Ottawa after a farewell meeting with Eisenhower at the White House.

Red China Warned

Thailand, the Philippines, Australia, New Zealand and other free countries are to be consulted afterward. But apparently because of Britain's strong views against quick action, precise membership and responsibilities of the projected alliance will be tied to the results of present French Indochina truce talks with the Reds.

Churchill and Eisenhower warned Red China and the Communist world generally in their statement that failure to offer honorable truce terms for ending the Indochina conflict would lead to a "seriously aggravated" international situation.

On other world problems, the two Anglo-American leaders:

1. Prodded France to approve membership quickly in the proposed six-nation European army to permit West Germany to add its manpower to Western defenses and assume a role as "equal partner in the community of free nations."

2. Agreed that sharing of atomic secrets between the United States and Britain should go forward "to the fullest extent" allowed by legislation now pending in Congress.

Arbenz's Wife, Sons Are Granted Asylum

BUENOS AIRES, Argentina, June 28 (AP)—The government announced tonight that the wife and two sons of former Guatemalan President Jacobo Arbenz Guzman had been granted asylum in the Argentine Embassy in Guatemala City.

Arbenz, who resigned last night in favor of a military junta, was reported flying toward exile in Argentina.

Byrd Loses Unit Vote Edge, Ahead In Popular Vote

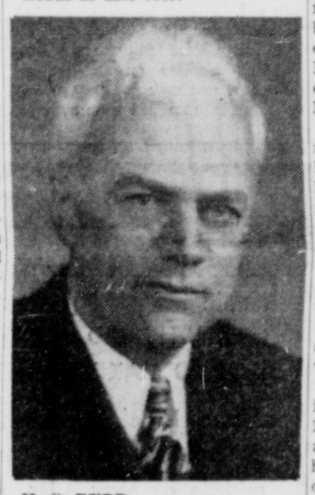

Gov. McKeldin Coasting To Victory In Republican Contest; Tawes Wins

BALTIMORE, June 29 Tuesday (AP) — George P. Mahoney regained a slim lead over Dr. H. C. Byrd early today in a nip-and-tuck race for the Democratic nomination for governor of Maryland.

Mahoney, Baltimore County paving contractor and former state racing commissioner, had lost his lead to the former University of Maryland president in the popular vote column but went ahead in unit votes, similar to the electoral college votes which decide U. S. presidential elections.

GEORGE MAHONEY
Leads in unit vote.

H. C. BYRD
Leads in popular votes.

THEODORE McKELDIN
Coasting to renomination.

With 1111 of 1339 polling places reporting and the all-important unit vote in many counties still in doubt, Mahoney held a 79-73 lead in that department.

The popular vote was Byrd 136,060, Mahoney 132,904.

In counties with complete unofficial results reported, Mahoney apparently won in Harford, Howard, and Kent after taking five of the six Baltimore city districts. Byrd led in Calvert, Cecil, Charles, Dorchester, Prince Georges, Washington and Wicomico.

Mahoney also was ahead with unit votes on the basis of incomplete returns from the counties of Baltimore, Caroline, Carroll, Garrett, Queen Anne's, St. Mary's, Talbot and Worcester. Byrd held the edge in Allegany, Anne Arundel, Frederick, Montgomery, and Somerset.

Mahoney Checks Count

So close was the tally as it neared an end that Mahoney's headquarters said the candidate himself was headed across Chesapeake to check personally the counting of ballots in Talbot County. The candidate with a majority of popular votes in that little Eastern Shore subdivision will get four unit votes.

With 8 of 16 Talbot polling places accounted for, Mahoney had 673 votes to 537 for Byrd.

An equally close watch was on in Worchester County, where 2 of 19 polling places had Mahoney ahead 125 to 77. Worchester also has four unit votes and either it or Talbot could swing the nomination.

There also was a possibility in at least half a dozen other subdivisions where complete returns gave one or the other candidate the slimmest of margins.

In 1950 Mahoney outpolled then—Gov. William Preston Lane Jr. in popular votes but lost on the nomination basis of unit votes. Late tonight observers were wondering whether the former state racing commissioner would suffer the same type of defeat for the second time in four years or whether he would succeed in the fight he described as "one man against an organization."

McKeldin Coasting In

Unlike the close contest between the top Democratic aspirants, Gov. Theodore R. McKeldin appeared to be coasting to renomination by the Republicans. With 1,083 polling places reporting, McKeldin had 54,334 votes—more than three times the combined total of three opponents.

Comptroller J. Millard Tawes, veteran Democrat who refused to take sides in the struggle for the gubernatorial nomination, was renominated easily after meeting only token opposition from Baltimore grocer Harry Kemper.

The Democratic attorney general primary followed the same pattern as the Byrd-Mahoney fight, with State Sen. C. Ferdinand Sybert trailing Philip H. Dorsey Jr., in the popular vote but leading in the unit vote column. Returns from 820 of 1338 polling places gave Sybert 42,850 votes to 52,500 for Dorsey but a 72-57 apparent edge in unit votes. T. B. Harrington of Baltimore, running as an independent had 27,549 popular votes and an indicated 10 unit votes.

Rescue Ends Ordeal

CORTINA D'AMPEZZO, Italy, June 28 (AP)—Mountain climbers tonight rescued 21-year-old Alessandro Cazzaniga who clung to an icy ledge 9,000 feet up on Tofani di Rozes Peak for 24 hours with the body of a dead companion dangling from the other end of his rope.

Heiress, Horse Wounded In Shooting At Race Track

WILMINGTON, Del., June 28 (AP)—An attractive steamship heiress was wounded today as her estranged husband fired wildly among the paddock crowd awaiting the start of the first race at Delaware Park.

An owner-trainer who came to her aid was wounded also and the horse he had been saddling was struck by a ricocheting bullet.

The human victims of the bizarre shooting were Mrs. Andrea Luckenbach Hammer, 33, and Woodrow W. Long. The horse lightly hurt was Now Hear This, a two-year-old colt Mrs. Hammer once owned and leased to Long.

State police held the blond heiress' estranged third husband, Fred Hammer, 45—a onetime assistant starter at various tracks—on an open charge. Mrs. Hammer was taken to Delaware Hospital. Doctors said she had been struck by one bullet in the right chest and in the left hip by another. Her condition was described as satisfactory.

A track spokesman said the flurry of shots punctuated the sunny afternoon shortly before the horses were to go to post for the first race. It was all over so quickly, the track official said, that the hundreds who witnessed it were given no time to panic.

Hammer was seized by two onlookers, one of whom knocked him down as Hammer resisted.

Long was merely grazed by a bullet and did not require hospitalization. Now Hear This was removed from the race—which went off on schedule—because the horse was believed too excited to race today.

State police could provide no immediate explanation for the outburst on Hammer's part.

U. S. Judge Rules Reynolds Libeled In Pegler Column

NEW YORK, Tuesday, June 29 (AP) — A federal court jury early today awarded author Quentin Reynolds $175,000 damages in his libel suit against newspaper columnist Westbrook Pegler and two Hearst corporations.

NEW YORK, June 28 (AP)—A federal judge held today that author Quentin Reynolds was clearly libeled in a 1949 column by Westbrook Pegler, the tart Hearst columnist. The jury was told to fix damages.

Federal Judge Edward Weinfeld's ruling came at the close of a bitter seven weeks trial, the first to which Pegler ever was subjected during nearly 40 years as a hard-hitting, no-holds-barred newspaperman.

Pegler claims he has never been assessed a penny even in out-of-court settlements of previous libel cases.

Reynolds asked $500,000 in damages, in the most celebrated newspaper feud in years. He claimed the column cost him a fortune in the magazine and entertainment fields. Judge Weinfeld admonished the jury of four women and eight men:

"Use your common sense."

Defendants with Pegler were the Hearst Corp., which distributes his column to 186 newspapers, and Hearst Consolidated Publications, Inc., which publishes Pegler's local outlet, the New York Journal-American.

The jury retired at noon to begin deliberations, leaving the 59-year - old Pulitzer Prize-winning Pegler poker faced and stiff backed under the court's condemnation. Judge Weinfeld had told the jury:

"That column, read in its entirety, is a matter of law, I tell you, defamatory."

Ex-POWs Face Board Of Inquiry

SCOTT AIR FORCE BASE, Ill., June 28 (AP)—Eight Air Force personnel charged with making false germ warfare confessions or other misconduct while in Communist prison camps will face a board of inquiry here.

A public information officer at the base said names and addresses of the seven officers and one enlisted man and the details of the charges against each man are being withheld under orders from Washington, D.C. He said the board of inquiry will meet "on or about July 8."

Ex-Russ Colonel Says:

Anti-Red Forces Fighting Soviets

MUNICH, Germany, June 28 (AP)—Anti-Communist partisans are battling desperately with large Soviet security forces in Eastern Europe and inside the Soviet Union, a former Russian colonel testified today.

Lt. Col. Grigori Stepanovich Burlitski, 36, who commanded an MVD (security force) border battalion until he bolted to the West, described the struggle before a U.S. congressional Committee on Communist Aggression.

He said resistance groups were fighting the Russians in Lithuania, Estonia, Latvia, Western White Russia and Western Ukraine.

He described how he had helped from 1943 to 1945 deport a million people, like the mountaineers of Checheno-Inguish, in the Caucasus, and the Tartars of the Crimea, because the Kremlin wanted to crush their independence movements.

The populations of whole provinces were brutally snatched from their homes and sent in sealed cattle cars to Siberia and the Far East, he said.

When he was in Lithuania and former East Prussia (now Russian) whole divisions had to be assigned to crush the so - called "bandit groups." But despite executions, tortures and the burning of villages the anti-Communist forces in the Baltic states never were completely liquidated, he said.

The brutality of the methods used against the partisans had caused many Russian soldiers and officers, including himself, to desert, the officer said.

He drove his own command car across the Russian frontier to Western freedom in June, 1953.

The Russian was secretly held by U.S. Intelligence agents for a year until he was produced in public for the first time today.

Asked by committee Chairman Charles Kersten (R-Wis) if the Kremlin could depend on the Red army, he replied with a firm "No."

The witness said the West should sever all diplomatic and trade relations with the Soviet Union. He urged formation of a national Russian army in exile, which he said would attract a lot of Red army men who wanted to come to the West. In time, he claimed, such an army would attract millions of deserters from Russia.

Mahoney Forces Aided By Stripper

BALTIMORE, June 28 (AP) — The Mahoney camp in the Democratic primary struggle had the help of a strip teaser today, but she was dressed modestly in a black skirt.

Starr Markee, billed as an "exotic dancer" in a Baltimore night club was on duty as a poll watcher.

She's a native of a solidly Republican Pennsylvania community, she said, and this was her first experience campaigning for a Democrat.

Miss Markee had originally planned to do her stint clad in very short shorts, but more sober heads reconsidered the plan.

House Takes Up Foreign Aid Bill

WASHINGTON, June 28 (AP)—The House took up the 3½-billion-dollar foreign aid bill today with prospects of a vote before the end of the week.

Rep. Vorys of Ohio, senior Republican on the Froeign Affairs Committee which approved the bill last week, gave his colleagues a detailed explanation of what is in it.

Vorys said the United States should show the world that Americans "still have confidence" and the will to try to help solve world problems. He asked for quick passage of the measure which President Eisenhower has termed urgently needed in "this age of peril."

Some of the first day debate was critical of the whole concept of foreign aid.

Rep. Brown (R-Ohio) commented that the United States has been spending billions on foreign aid for years, and now has "more enemies and less friends than ever before."

Nixon, Benson Ask Public Back Ike Farm Plan

WASHINGTON, June 28 (AP) — Vice President Nixon and Secretary of Agriculture Benson called tonight for public support of the Eisenhower administration's farm proposals. They declared that the present "wartime" program is undermining agriculture and piling financial burdens on taxpayers.

Continuation of the present program another year, Nixon said, would be "the height of irresponsibility."

The two administration leaders, acting at the request of President Eisenhower, made the appeal in an across-the-table discussion of the farm situation prepared for nationwide radio broadcast.

Nixon said that a continuation of a "wartime price policy" that encourages farmers to produce food which the government "then must buy with taxpayers' money to store away unused, with danger of spoilage, does not make sense."

Benson said that when the war came to an end, the government stopped all-out production of munitions and ships.

"But we didn't put a stop to all-out production of surplus food," the secretary said. "Price incentives to get more wheat, more cotton and more peanuts were continued."

The Nixon-Benson broadcast was made as the House prepared to debate a farm bill approved by its Agriculture Committee providing for a year's extension of the present 90 per cent of parity price supports for wheat, corn, cotton, tobacco, rice and peanuts.

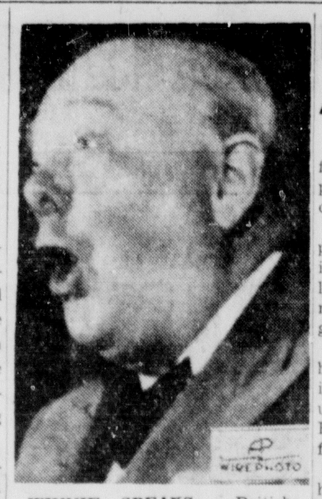

The administration favors a system of flexible price floors, ranging from 75 to 90 per cent of parity.

China Trade Mission Arrives In London

LONDON, June 28 (AP)—A Communist China trade mission—the first to Britain since World War II—arrived tonight from Geneva.

The party of 11 was greeted by representatives of 48 British firms who recently negotiated with the Chinese Communists in Berlin. British businessmen are sponsoring the visit.

The Churchill government has given an official blessing to the efforts of businessmen at boosting trade of non-strategic items with the Peiping regime.

Ailing Billy Graham Examined By Doctors

FRANKFURT, Germany, June 28 (AP)—Ailing Billy Graham was examined by U.S. Army doctors here today before leaving in a rented car for Paris. There was no immediate announcement of their findings.

The 35-year-old American evangelist, who was stricken Thursday night with a kidney disorder, arrived earlier today by plane from Berlin. He spoke yesterday to 75,000 Germans gathered in Berlin's Olympic Stadium.

No Reduction In '55 Model Auto Prices Is Anticipated

DETROIT, June 28 (AP)—A most frequently heard question among potential new car buyers is: "Are car prices coming down?"

The reference, of course, is to prices of 1955 models. The answer is that actually, the car buyer isn't likely to get a new 1955 model much cheaper than he can now get his choice of the 1954 cars.

The industry's merchandising has done a tremendous job of selling during the traditional high volume season—April through June. But dealers generally have sacrificed profits to clinch sales.

Price reductions, in the form of high tradein allowances or giveaway items, have amounted to considerably more than any car maker is likely to cut 1955 model prices.

One thing intensified competition will bring to the auto industry is a further refinement of the retailing organization. The auto makers have been screening their dealership more finely since sales slid off late last summer.

One industry rumor has it many dealers working on a year-to-year franchise basis will not get renewals when their present contracts expire. Sources close to the car manufacturers say this is especially true of dealers who engaged in new car bootlegging during the past year.

The withholding of franchise renewals may precipitate some lawsuits. However the car makers rarely ever are wholly free of some kind of legal litigation.

In the most powerful atom smashers, atomic particles travel almost at the speed of light.

Hill-Test PROOF
All gasolines seem pretty much the same, when the going is easy—but just notice the difference this hill test reveals!
As shown to millions on TV (on Gulf's popular "Life of Riley" show), the twin test cars in this demonstration were expertly tuned—one for best performance on Summer-Formula Gulf NO-NOX; the other for best possible performance on a regular grade of gasoline.
They hit the starting line at the same speed, and then—at *full throttle*—started up this steep grade. The speedometer pictures give you the results at a glance.

With a cameraman hovering above in a helicopter, Gulf test cars are tuned for a showdown test of acceleration.

Acceleration PROOF
This dramatic picture—shot from a helicopter—shows again how much extra safety you get with Summer-Formula Gulf NO-NOX.
As in the hill test, both cars were tuned to get maximum performance from their fuels. One car was tuned for Summer-Formula Gulf NO-NOX, the other for a regular grade of gasoline. Both cars hit the starting line at the same speed, then —*full throttle!* Same make of car—same engine—but what a difference Gulf NO-NOX made!

What is owning stock doing for you?

[ONE-MINUTE INTERVIEWS]

ARTHUR MILLER, *Engineering Insp., Denver, Colo.*

"I let stock pay family bills. Dividends from shares of utility company stock pay my gas and electric bills. Returns from my ten shares of telephone stock more than pay the year's phone bill. My $7,000 invested pays us about 5% a year."

HOLMES ZIPPLE, *Chief Inspector, Cleveland, Ohio*

"A year ago I was saving practically nothing from my pay checks. Now with the new $40-a-month plan I'm buying regularly stock that pays around 6% in dividends. I'm starting to acquire stock as I should have years ago."

MAX ROTH, *Retired, Forest Hills, L. I., N. Y.*

"I began buying stock in the thirties. The money I have made—both in dividends and from higher prices for securities when I sold them—has helped send my daughter to college."

Last year, out of 1,211 stocks on the New York Stock Exchange, nine out of ten paid dividends. Based on year-end prices ...

... 290 paid 8% or more
... 307 paid 6% to 8%
... 382 paid 4% to 6%
... 113 paid less than 4%
... 119 paid no dividends

DuPont Leads Stock Market To New High Since Oct. 1929

NEW YORK, June 28 (AP) — The Stock Market climbed to a new high since Oct. 22, 1929, today, largely because of a 15½-point advance by DuPont, one of the prime market leaders.

The rise in DuPont, which gained momentum as the session progressed, sent the price to 143½. Brokers made phone calls to chemical experts and others and were unable to find an explanation for the concerted buying. Inevitably there were reports that the stock would be split and that the company planned to distribute among its stockholders its big holding of General Motors shares. There was no confirmation for any of these rumors, however.

The Associated Press average of 60 stocks climbed 90 cents to $128.20. The industrials rose $2.20, and the rails 10 cents. The utilities were unchanged.

Advancing stocks totaled 449, only five more than the number declining. Issues traded came to 1,178 against 1,174 on Friday. There were 91 new highs and 15 new lows for the year.

Groups moving higher included the motors, televisions, chemicals and electrical equipments. Oil shares were generally lower, with losses of a point or more posted by Ohio Oil, Gulf, Texas Co., Sinclair, Texas Pacific and Land Trust and Cities Service.

Wounded Secret Service Agent Much Improved

EASTON, Md., June 28 (AP)—Harry W. Geiglein, 36-year-old U. S. Secret Service agent shot in an accident here last week, was reported "much improved" today at Memorial Hospital.

He was taken off the "critical" list and preparations were made to move him to Baltimore, which is his home.

Geiglein, a former Maryland state trooper, was visiting the state police barracks here and was sitting at a mess table when a gun being cleaned by Trooper M. I. Morgan suddenly fired.

Woodland Fire That Menaced Town Checked

CENTREVILLE, Md., June 28 (AP)—A woodland fire which threatened the town of Grasonville for a time Sunday still burned in spots today, but weary volunteers had it whipped.

They battled the blaze, which zig-zagged before a stiff wind through 800 acres of timberland, for 19 hours. The firefighters finally pinched off the head of the fire about 5:30 a.m. after the wind died down.

The only casualty was a state forestry bulldozer which was trapped in the path of the fire and burned. One volunteer worker was overcome by smoke and had to be carried for a mile out of the woods. He was not identified.

Not a single house or building was lost.

The fire's course took it along the eastern and southeastern edge of Grasonville—about two miles south of U. S. 50, seven miles southwest of Centreville and eight miles east of the Chesapeake Bay Bridge.

The blaze, which broke out about 10:30 a.m. Sunday, reached its peak about 10 p. m. Seventy-five volunteer firemen from Centreville, Kent Island, Queenstown and Easton lent a hand to forestry patrols fighting the fire.

A backfire saved houses on the edge of Grasonville.

Forestry officials said the burned-over area would have to be patrolled three or four days unless there is a heavy rain.

Fires also were reported Sunday at Federalsburg and Cordova, southeast of here in Caroline and Talbot counties.

Weekend Accidents Kill 16 In Maryland

[By The Associated Press]

Sixteen persons lost their lives in accidents in Maryland during the weekend—one of the highest death tolls for any similar period in the state's history. Eleven persons drowned and five were killed in traffic accidents.

The highway deaths were limited to two accidents, one 18 miles south of Annapolis which took three lives Saturday night and the other in St. Marys County early Sunday.

In addition to the three traffic deaths, Anne Arundel County had six drownings.

Woman Asks City To Pay Damages

Mrs. Maggie T. Grove, 225 Federal Street yesterday asked that the city pay her for injuries suffered when she fell on loose brick pavement in front of Reinhart's Store, Virginia Avenue, recently.

City Attorney Thomas B. Finan last week told Council he did not believe the city responsible and repeated that view yesterday.

But Mrs. Grove, who said she is 60 years old and a widow, wanted "something out of this. My head hasn't stopped hurting for four weeks." She said she had injured her head and cut herself about an eye in the fall.

"It's not right for you people to try to beat me out of it either," Mrs. Grove said after noting she could not pay her doctor or get a prescription filled because she lacked money. She added she kept a blind mother and herself off $48 a month and is a widow of a World War 1 veteran.

Finan said he would take the matter up with the owner of the store, who according to City Engineer Charles R. Nuzum, was notified to correct the condition shortly after the mishap occurred.

Mrs. Grove said she still held the city responsible. "He (the store owner) can settle with you and you can settle with me.

"It's a dern poor city that can't keep its streets up anyway. I came here like a lady, but can't act like a lady with people like you people."

Long Wants TV Check-Up

Commissioner John J. Long suggested that the city look into higher costs of television cable installation in some sections and interference caused by the cable in antenna installations.

Long said he made the suggestion after receiving a number of complaints from residents who alleged Potomac Valley Television Company is asking $25 to $50 more to install cable in certain sections (he named Ridgedale) than in others where a flat $100 is charged.

If the Federal Communications Commission can not act, the city should look into the possibility of establishing a flat fee for installation by ordinance, Long said.

In a pre-council discussion, City Engineer Charles R. Nuzum reported that Potomac Valley had had requests from people willing to pay more for the cable in sections where spacing of houses and uncertainty as to the number of users were factors.

Garland Offer On Road Oil Accepted By Mayor, Council

Garland Petroleum Company's bid of $.1069 a gallon for road oil for the Street Department was accepted by the Mayor and Council yesterday morning.

The bid was the lowest of two submitted the first of the month.

Action had been delayed a week after an order introduced by Commissioner Lucile Roeder last Monday awarded the contract to Chaney Transportation Company which bid $.1075. James Garland of the successful bidding firm, questioned the original award on the basis of specifications and the fact the Chaney bid was high.

Mrs. Roeder said acceptance of the bid yesterday was based on the recommendation of City Engineer Charles R. Nuzum that water base oil will be as good for local purposes as oil base oil.

Two probationary policemen are officially "regulars" under an order approved yesterday and effective June 21. They are Wilbur Shank and Frank Bohn.

Council authorized Water Commissioner William J. Edwards to advertise for bids on 725 feet of 10 inch; 425 feet of 8 inch and 600 feet of 6 inch cast iron pipe with proper fittings for the Water Department.

Checks for city employes for the last two weeks of June will be issued Thursday.

Referred to the city engineer and fire chief was the application of the Texas Company to install two 3,000 gallon underground storage tanks at the Carl J. Eichner station, Bedford Street.

Parking meters receipts for the week June 13-20 increased $8.95 according to Inspector Harry Whisner.

Rev. Kenneth Grove, pastor of Emmanuel Methodist Church, gave the invocation at yesterday's session.

Local 26 To Cancel Membership Meeting

A membership meeting of Local 26, Rubber Workers Union (CIO), scheduled Saturday has been cancelled due to the Fourth of July holiday, according to William G. Rice, president.

He said the next membership meeting will be held on Saturday, July 10. An Executive Board meeting scheduled Thursday at 7 p. m. will be held as usual.

Mary Louise Sheffler Is Bride Of George D. Peters

Miss Mary Louise Sheffler, Silver Spring, daughter of Mr. and Mrs. Don C. Sheffler, 701 East Oldtown Road, became the bride of George Donald Peters, son of Mrs. Mary A. Peters, Florida, and the late William O. Peters, Silver Spring, Saturday.

The double ring wedding ceremony was solemnized at a nuptial mass at 11:30 a. m., in St. Michael's Catholic Church Silver Spring, with Rev. Thomas W. Lyons officiating.

Miss Mary Louise Firlie, Cumberland was the bride's maid of honor, while Miss Mary Ann Yarnall, Washington; and Miss Joan Peters, sister of the bridegroom, were bridesmaids; and Helen Florine Gills, flower girl. Raymond F. Sheffler, brother of the bride, served as Mr. Peter's best man and Arthur E. Peters and Jerome G. Sheffler were the ushers.

The bride was attired in a ballerina length gown of lace and nylon tulle over satin, fashioned with a lace bodice made with round neckline and fitted sleeves tapering to a point on the hand, and full skirt. Her fingerlength veil of nylon tulle was held by a pearl and rhinestone headdress. Completing her costume she carried a white Bible with white orchid marker, and satin streamers.

Her attendants gowns were draped with lace and had full skirts, made complementary to the bride's. With them they wore small net crowns matching their gowns and carried baskets of assorted pastel flowers. Miss Firlie had an aqua and white lace gown; Miss Yarnall, green and white lace; and Miss Peters, yellow and white lace. The little flower girl's frock was of pink nylon and had a full long skirt. She also carried a basket of mixed flowers.

Mrs. Sheffler chose a sky blue suit for her daughter's wedding. With it she wore a white hat and white accessories and had a corsage of peach colored rubrum lilies. Mrs. Peters wore a blue and black nylon dress with white accessories and also had a corsage of rubrum lilies.

The bride is a graduate of Catholic Girls Central High School, where she was active in music and dramatics and served as a cheer leader for LaSalle High School. She studied at the Steckman Dance Studio and after touring the United States and Canada, she studied in New York. She is an instructor with the Helen Nickolson Dance Studio, Washington, and appears daily on Station WNBW's TV show in "Figure Formula."

The bridegroom attended Montgomery Blair High School and served four years with the Army in Germany. He is employed with the Suburban Moving and Storage Company, Washington.

Mr. and Mrs. Sheffler entertained with a reception for their daughter and her bridal party, at the Hotel 2400, Sixteenth Street, Washington, where the bridal motif was carried out in the decorations and tiered wedding cake, with miniature bride and bridegroom.

For their wedding trip to Florida, the bride wore a dark blue and white suit, with white accessories and her white orchid corsage. Upon their return Mr. and Mrs. Peters will reside at 11901 Ivanhar Street, Wheaten.

Circle 1, Centre Street Methodist Church will hold a rummage sale from noon until 3 and 7 until 9 today in the church basement.

Ceramics Clay Is Discovered In Smoke Hole

Artist Makes Find On Visit To Caverns

PETERSBURG — Mrs. Desiree Spitz, of Morgantown, W. Va., looked at the wonders of Smoke Hole Caverns, and saw not only the beautiful underground rooms and them arvelous limestone formations, but a new material for her handicraft and art.

Mrs. Spitz, has for a number of years, been interested in the making of ceramics and has gained some little recognition for her skill and artistry. Most of the clay used for her products comes from near Morgantown, but the clay which she obtained from Smoke Hole Caverns was found to be very suitable for her work. The design of her pieces is very original and attractive, and the glaze which she has perfected herself is beautiful. A number of these pieces of pottery are on display and for sale at the cavern's office.

Smoke Hole Caverns are located on Route 4 and 28, eight miles west of Petersburg, at the edge of the Monongahela National Forest. Nearby are the beautiful rock formations so characteristic of this section, most notable of which are Champe and Seneca Rocks. Also quite close is the northern end of the road into the Smoke Hole recreational area, one of the most scenic spots in the eastern United States, and a most popular bass and trout area. The North Fork of the South Branch of the Potomac, which flows right beside the highway at the Caverns is considered excellent trout waters.

Two More Candidates Report On Expenses

Two more defeated council candidates in Cumberland's June 1 primary election yesterday filed statements concerning their campaign costs with Joseph E. Boden, clerk of Allegany County Circuit Court.

Philip E. Keller reported that his campaign costs totaled $246.83 and they were all borne by him. The items included $25 filing fee, $118.83 printing expenses, $52.40 for newspaper advertising and $50.60 for radio advertising.

Joseph H. Griffin disclosed that his campaign costs were only $33, including the $25 filing fee and $8 for delivery of letters. All of the money was donated, he said. So far only six of the 19 candidates have submitted reports on their expenses and contributions.

Also filed in the clerk's office over the weekend was a statement from C. N. Wilkinson, Republican candidate for county commissioner in yesterday's primary, that Verl Ash, mayor of Midland, has been serving as his campaign treasurer.

Committee Meets

The executive committee of Knobley Mountain Post No. 136, American Legion, will meet at 8 o'clock tonight at the Legion Home in Ridgeley.

Labor Meeting Set . . .

The Western Maryland Labor Unity Conference will meet Friday at 8 p. m. in Rubber Workers Hall, according to William G. Rice, president.

Voting In

(Continued from Page 18)

one Democratic worker drove up to the polling place, and discharged a passenger. The passenger went into vote and the worker drove away. In a few minutes, he was back with another voter and took the first one home. When he returned, he had a third voter, let her out and took the second one home.

When he returned from this run, with two people in his car, he was asked, "How are you doing?"

His reply was, "I set up a schedule a couple of days ago, so I could bring as many as possible. I'll see you later, I'm running about 15 minutes behind my schedule."

There was every indication that those who voted on the Democratic side in Cumberland were fairly well divided between Mahoney and Byrd. They had little to say about State Central Committee contests, Congressional contests, or anything else but if asked about the gubernatorial race, most replied "I'm for Byrd", or "I'm for Mahoney." There was no hedging and no reluctance to speak up on either side.

Probably first to be mentioned in talking with the Republican voters was the contest for County Commissioner. Second to that was the race for State's Attorney and in third place but a close third was the contest for State Senate.

There were so many candidates for House of Delegates no pattern could be established from casual conversation. It appeared, however early in the day, that four of the five incumbents had a good chance of nomination.

The first precinct to report any returns at all last night was District 19 at Borden Shaft where there are 59 registered Democrats and cast ballots. This precinct reported at 8 p. m. with the complete Democratic tally, giving Byrd 17 and Mahoney 16. Sybert, candidate for attorney general and running mate with Byrd, polled 13, while Dorsey, who is Mahoney's choice, got 9. The third man, T. Barton Harrington, independent Democrat, polled 5.

Ryan, for Congress took 30 votes and Byrne Austin got 2 in this first precinct.

This one-vote lead garnered by Byrd did not last long because at about 8:30, District 30, with 68 Democrat votes cast, went to Mahoney by one vote, tying the score, giving an early indication that the contest would be close throughout the night. The precinct, located at Zihlman gave Byrd 27 and Mahoney 28.

Dorsey ran ahead of his two opponents with 20 votes, Harrington got 11 and Sybert 15.

Ryan again tallied high wtih 48 against two for Byrne Austin, in the Congressional race. It was noted that these first two precincts gave no votes to Byrd-endorsed Charles M. Irelan of Montgomery County.

A quick analysis of the vote in the first two precincts showed some evidence that smaller areas of the county were leaning toward the Mahoney organization, and were giving Ryan a tremendous favorite-son popular vote.

As more election returns came in, the picture was further solidified, but the contest remained close for several hours.

City Proves

(Continued from Page 18)

Lee Witherup, executive director was alerted. Its emergency and disaster units and key personnel were on a standby basis throughout the night.

Auxiliary police, railroad and industrial police, construction crews and contracting companies, neighbors and friends, all pitched in to help where help was needed.

Only this spirit of cooperation, and understanding, made the quick cleanup possible and contributed in no small way, officials said, to the fact that there were no serious casualties during or after the storm.

Damaged by the storm, a large tree in the 500-block of Washington Street toppled to the ground late yesterday afternoon.

The tree fell upon the parked car of J. William Hunt, 532 Washington Street, causing minor damage, and blocked traffic on the street.

Work crews, however, had the tree cut up and hauled away within a matter of minutes.

Program On Wage Scale Sought By Civil Service

The Civil Service Commission in its annual report to the Mayor and Council yesterday recommended that a wage scale for city employes be set up for a more businesslike and efficient city-employe relationship.

At the same time, the commission requested parttime clerical assistance to keep records up-to-date; asked that meetings be arranged with department heads to receive information on changes in personnel; and recommended appointment of a committee to write and present for approval a new law in view of that fact that efforts for a unified law in 1952-53 were unsuccessul. This committee should be made up of persons other than city employes or members of other city committees and commissions, the report added.

In noting its activities, the commission paid tribute to cooperation received from the Mayor and Council, especially Commissioner Lucile Roeder, who, it said, made it possible for the commission to have an office in City Hall. Council was invited to inspect these facilities and see the system of records which is complete except for addition of job classification records on which a volunteer committee from local industry is completing work.

In preparing cords, the commission said each employe was interviewed and brought about better understanding between the employe and commission and will be of future benefit. Each employe has a card record of employment and a personal folder in the file. It is hoped to place annual reports on each employe in his file showing the merit of his performance of duty.

In addition to meetings once each month, the commission had seven special meetings and one formal hearing. It acted upon four examinations; four promotions, two deaths, five retirements, one discharge and one resignation.

Commissioner of Police and Fire John J. Long suggested a copy of the report be kept available for the new council taking office next Tuesday with the view of meeting with the commission and discussing its recommendations.

The report was signed by Leah F. Hafer, chairman, Ralph R. Webster and Fred E. Ryan, members.

Gets Scholarship

Miss Janet Ridgely, daughter of Mr. and Mrs. George W. Ridgely, 328 Fayette Street, has been awarded a $790 scholarship to the Laboratory Institute of Merchandising, New York City. Miss Ridgely was graduated from Allegany High School this year and will start her training in September.

City Takes Steps To Stop Payment On Stolen Bonds

City coupon bonds valued at approximately $736 have apparently been stolen and a temporary stop payment order authorized until proper identification is made.

An order approved by the Mayor and Council yesterday authorizes the city treasurer to establish ownership of the bond coupons before payment. It said the coupons are presumed stolen.

City Auditor Arthur B. Gibson reported the coupons missing about a year and have not been cashed. He said they were being sent for collection by the First National Bank of Baltimore and by mistake went to the bank at Chestertown. Somehow, the bank reported, the coupons were stolen.

Gibson said he did not know if the city is legally able to stop payment but would do everything it could to do so. This action will enable the bank to halt payment pending further investigation.

City Attorney Thomas B. Finan pointed out if a permanent stop-payment order is needed, the insurance company must give the city authority or identification to prevent suit for recovery in the future.

Seeks Property Trade

Included in the missing coupons are Memorial Hospital Bonds of 1941; Works Relief Bonds of 1939; Water Improvement Bonds of 1941 and Water Improvement Bonds of 1945. All were due in May, 1953.

Council referred to City Engineer Charles R. Nuzum and Finan an offer by the Baltimore and Ohio Railroad Real Estate Division to exchange even on two properties. The city wants reservoir property on Baker Street and the B&O would give that in exchange for Lots 86, 87, 91, 92 and 93 in East End Land Addition, which it is understood, would be included in proposed yard improvements. The B&O offer was contained in a letter from E. E. Phipps, general real estate agent of the railroad.

Council also agreed to expenditure of $1,000 from advanced flood control funds for a $300,000 bridge "all risk" policy as the result of an unsafe condition existing at the Western Maryland Railway bridge at North Branch.

U.S. Corps of Engineer said when a breach of the old C&O Canal dam was made to effect lower river stages, the railway showed concern over unsatisfactory condition of two piers at its bridge caused by erosion until construction has progressed to the point where the entire dam can be removed and protection of piers in the new channel site completed.

Meanwhile, the E. J. Albrecht Company can start encasing the two piers in concrete, it was said. Corps of Engineers said cost of the policy, to be written by W. A. Alexander and Company, Chicago, is available in flood funds already advanced by the city.

Suggestions by the Cumberland Real Estate Board concerning a proposed sub-division ordinance are in the hands of the Municipal Planning Commission, Commissioner Lucile Roeder reported. The ordinance has been under consideration for many weeks.

Rec Department Reports Large Swim Turnout

The City Recreation Department had a record turnout for swimming classes at Constitution Park pool yesterday morning.

Rec. Director Robert E. Pence said 140 children from five playgrounds reported for instructions despite cool weather. More are expected to register for the course.

Pence said swimming lessons for adults are held in the evening.

Auto Turbine Engines Detroit's Best News

The hottest news from Detroit concerns not the probable shift in power plants of a popular car from six to eight cylinders, but turbine engines. Both General Motors and Chrysler are far advanced in experiments, although there are no predictions that a turbine-powered auto will be placed on the market in the next two or three years.

Turbine engines were discussed at the recent meeting of the Society of Automotive Engineers. The discussions, which were mainly about problems to be overcome, left no doubt that manufacturers are giving serious consideration to the possibility that automobiles of the future may be equipped with such engines.

Chrysler demonstrated a gas-turbine equipped Plymouth to the press the other day at the dedication of the company's new 4,000-acre proving grounds near Chelsea, Mich. Equipped with a regenerator which recovers the heat from the exhaust gas, this car is reported to have averaged 15 miles per gallon at 40 miles an hour. Previously tests with this form of power are reported to have produced a disappointing gasoline mileage of only three miles per gallon.

Gas turbines now in experimental tests by both General Motors and Chrysler are reported to have a weight-to-power ratio one-third that of conventional piston engines. One of the problems created by use of this form of power is adequate braking. Turbines do not brake when the foot is released from the gas pedal.

But for an industry which has solved all problems in the past, those remaining to be conquered before turbines are practical seem to be anything but insurmountable.

These Days

Colonialism

One of the major causes for irritation in the world is colonialism, which means the possession of a territory and its government by another nation. Dr. Sun Yat-sen invented the term, semi-colonialism, to describe those countries which are nominally independent, such as China was in his day, but which actually are dominated and controlled by other countries. The principal nation to practice semi-colonialism in our era is Soviet Russia.

John Foster Dulles, Secretary of State, in a speech said:

". . . We ourselves are the first colony in modern times to have won independence. We have a natural sympathy with those everywhere who would follow our example."

The American Revolution was characteristic of most colonial efforts for independence. It occurred after the parent power had been engaged in a war, the Seven Years War (1756-1763), and the colonies were assisted, less than is generally presumed, by one of the contestants in that war, France. India likewise gained its independence by stages because of Great Britain's preoccupation in two wars, World War I and World War II. Holland lost Indonesia as a result of World War II. On the other hand, France chose to make a fight for Indochina and that country is still not free.

It is generally assumed in this country that colonialism is an unmitigated evil. This cannot be substantiated by the facts. The British have done a magnificent job of maintaining order and protecting the people of all the colonies of the old British Empire. Before the British came to India, it was a battlefield for contending conquerors and an area despotically held by a multitude of rulers. The British could not undo thousands of years of history in the short period from Clive to Churchill.

Since India has gained her freedom, there is not a scintilla of evidence that the people have enjoyed greater benefits, and at the moment it appears that, sooner or later, either Great Britain or the United States will have to step in to rescue India from either Russia or China or both.

Dulles makes the point that the United States voluntarily gave freedom to the Philippines. It is possible to say that the United States imposed freedom on the Philippines. Manuel Quezon, long before he became President of that country, in a conversation in Shanghai, told me that, for the Philippines, it would be preferable to have dominion self-government. This was before World War II apd at a time when it looked as though the Philippines could and might be taken over by Japan.

Certainly nothing in the present state of the Philippines would justify the assumption that the people of that country are better off than they were during American rule.

The question arises as to whether the small countries or the weak and backward countries can maintain their independence. It is not so much whether they want to, because it can be taken for granted that every race of man wants to go his own way, but will they be permitted to by the course of history? Poland would prefer to be independent. Poland is not only a prisoner in the Soviet Universal State, but has practically become a province of the Russian Empire. Is this colonialism, semi-colonialism or what? The same question could be asked about Latvia, Estonia and Lithuania which have become completely absorbed by Russia.

After World War I, Woodrow Wilson's doctrine of self-determination inspired peoples on all continents to believe that a greater happiness would come to them if all the Empires of Europe were broken into a large number of small countries. Each minority nationality sought autonomy. Nationalism was stimulated often on no better grounds than language differentiation. The Austro-Hungarian Empire, which held together a number of unruly Danubian and Balkan peoples, was smashed. In every country of Asia and Africa forms of nationalism asserted themselves.

By 1954, these movements had been, for a large number of nations and peoples, suppressed in the development of the Soviet Universal State, which, while recognizing degrees of local autonomy in language, customs and traditions, breaks down self-determination by a homogeneous system of education designed to unify mankind in the Marxist Church. It is a well-designed substitute of controlled One Worldism for colonialism. While the West is abolishing colonialism, the Kremlin is reviving it under another name.

Looks Like A Quiet Fourth

Russia Uses Guatemala As Base To Direct Subversion

By David Lawrence

WASHINGTON — The Soviet Union has taken the dangerous step of setting up a base in Guatemala from which it would be possible for her to carry on airplane attacks of a sniping nature against the United States as well as the Panama Canal through the medium of a Communist-controlled government. It could mean in wartime an important diversion of American air strength for a defensive task, thus weakening our offensive power.

Defying the Monroe Doctrine, which for more than 130 years has warned European governments against attempting to set up any new colonies or controls of territory in the Western Hemisphere, Soviet Russia has converted Guatemala into an operating headquarters from which to direct all her subversive efforts in Central and South America.

The revolution—recently begun by patriots in Guatemala who see in the Communist maneuver a menace to the future independence of the republic — is a significant development in a chain of events which ultimately may produce for the United States its biggest crisis since the close of World War II.

Evidence Is Conclusive

When the imperial government of Germany was caught in the act of attempting to set up a base in Mexico in 1917 — revealed through the interception of the famous note to Herr Zimmerman, the German minister in Mexico City — the end result was an aroused public opinion, and within a few weeks America had entered World War I on the side of the Allies.

Today the official evidence, while of a different character, is none the less conclusive. It can be summarized as follows:

1. The United States Government has long been satisfied, through a well-documented series of circumstances, that the international Communist organization has been developing Guatemala as its primary base in the Western Hemisphere for subversion and for the undermining of various governments. The pattern of overt and covert activity has already been used for penetrating nearby areas.

2. The Guatemalan government, under Communist guidance, has been responsible for well-organized strikes which have paralyzed Honduras and nearly caused the fall of the government there.

3. The names of the individuals who are the primary operators in the conspiracy are well known to the Washington government, and there is a record of an exceptionally heavy flow of Guatemalan leaders and semi-overt agents who have been traveling between Guatemala and Moscow and certain other capitals of Iron Curtain countries, particularly Prague, which now has become the main center for the infiltration of Latin-American countries.

4. There is also a familiar pattern of movements of individual members of the conspiracy who travel between Guatemala and Mexico City, where embassies and degations of the Communist satellite countries can use their speedy means of communication to the Communist strategists overseas.

Communist-Inspired Groups

5. There is an international labor circuit operating through the Communist leader, Vincente Lombardo Toledano, who is based in Mexico City and pulls the strings for the strikes and propaganda demonstrations throughout Latin America. Copies of the instructions he has sent out are in the hands of the United States Government. On the eve of the Caracas Conference, the so-called "Guatemalan Friendship Societies" were organized in various Latin-American countries. These were Communist inspired.

6. Protest meetings against alleged instigation by the United States of a revolution in Guatemala have been set up by Communist mechanisms and, of course, the propaganda has been aided by certain press correspondents who have been duped into believing the United States initiated the Guatemalan revolt. Actually Guatemalans in exile in Central America needed no inspiration to try to regain independence for their homeland.

7. Radio Moscow has been transmitting to Latin America copies of propaganda statements allegedly issued in Latin-American countries but somebody blundered, because the local Communist organizations had not yet issued them when the broadcasts were released over the Moscow or Prague radio.

There is no doubt about the synchronized behavior of the Moscow government and the Guatemalan government, especially in the field of diplomacy. Foreign Minister Molotov has been on the job in the Security Council of the U. N. to respond promptly to the requests of the Guatemalan government for moves designed to smear the United States.

No Minor Affair

Meanwhile, the civil war inside Guatemala looks like a long-drawn-out affair unless the Guatemalan army officers now on the side of the incumbent government soon see the handwriting on the wall and start driving the Communists out. The Moscow radio is already using some cynically written dispatches in metropolitan American newspapers to bolster the charge of American interference in Guatemala. Editorials from Latin-American newspapers which have been misled into placing the blame on the United States are also being exploited prominently by the Moscow radio.

So far as the American people are concerned, it is important for them to know that the infiltration of Guatemala by the Communists is not a minor matter. The Soviet Union has really put its first team into action in that country and is engaged in a crucial fight to combat the influence which the United States has exerted in the Western Hemisphere countries against Communist imperialism. The U. S. Senate, by a virtually unanimous vote, has just condemned the action by Soviet Russia. This is an indication that the Guatemalan trouble will not become a partisan affair inside Congress.

Baering Down On The News

By Arthur "Bugs" Baer

We would like to know how the Pentagonists arrive at their weekly batting list of the unemployed.

How do the market experts predict a healthy reaction with sick benefits?

Who are these slide-rule scientists whose thumbs are channel buoys for deep-dish prosperity?

How do they know when a man is working or just going through the motions? Do they realize the significance of portal-to-portal strolls? Do they know when upholstering the payrolls stops short of nutritious nepotism? Do they have the elapsed statistics of feather-bedding the players' bench on curves?

What is the graph of the fever chart in normal times when everybody is on a strike? I have before me under microscopic indifference Umlaut's Washington Letter on the national panorama through fiscal Venetian blinds.

It tips me off on freight car loadings, money in circulation, steel production and manufacturers' inventories. It tells me that over 61,000,000 citizens are either gainfully employed or voting proxies for Bob Young.

That's good fat information with the November elections in the over-stocked interim and too much wheat in Canada and the United States.

Churchill Has About-Faced On Russia Since War, Believes Accord Possible

By Drew Pearson

WASCHINGTON.—It was exactly a quarter century ago that the first prime minister of England came to visit the United States, sat on a log over the Rapidan River in Virginia and conferred with President Hoover. . . . Things have changed quite a bit since then. . . . Hoover and Ramsay MacDonald, England's first Labor Prime Minister, had nothing much to work about except the size of naval cruisers. England dominated the world in those days. We had little to say about it, and the British Prime Minister made quite a concession in coming to America. His trip was an acknowledgement, however, of our growing power, at lease in the field of naval and financial affairs. . . . It took him, incidentally, a week to get here by boat. Lindbergh had flown the Atlantic only two years before the Papidan Conference, so it wasn't considered quite safe for Prime Ministers to come by air. . . . Since then, Prime Minister Churchill has crossed the Atlantic seven times for conferences, most of the time by overnight plane. . . . So in 25 short years things have changed.

Churchill's Russian Change — Things have changed a lot even in the ten short years since Churchill used to come here in the war years . . . . In London recently, Churchill has been saying privately that Foreign Minister Molotov is one of the great statesmen of Europe. And Foreign Minister Eden last week even said nice things about Molotov publicly in the House of Commons. That's quite a change. . . . Simultaneously, Eden did not say nice things about Secretary of State Dulles. He ignored him. . . . That's a serious change. . . . How great a change it is can be gathered by Churchill's views on the same Molotov and the same Russia only ten short years ago. he was then at sharp variance with F. D. Roosevelt, who then hoped we might get along with Russia, might work out world peace together. . . . Now it's Churchill who thinks we can get along with Russia. . . . That's how drastically things have changed.

Churchill's War Strategy—A lot of people have forgotten Churchill's viewpoint in those war years. But biggest haggling point among the Allies was the Second Front across the English Channel. . . . The same Molotov came to Washington and London in the summer of 1942, where it was agreed that the Second Front was the quickest way to end of war. Churchill and Molotov even signed a nonaggression pact agreeing on the Curzon Line drawn across Poland between Germany and Russia. . . . The U.S. refused to sign because we didn't want Poland split up, thought it should be an independent state. . . . But after agreeing on the Second Front, the bickering began. Churchill didn't want the Second Front, kept postponing it, wanted to wear the Germans out in North Africa, Italy, the Balkans. The argument became so bitter that there were times when Stalin threatened to get out of the war. . . . Finally at the Quebec Conference in the summer of 1943 the Second Front was postponed once again, and knowing that Stalin would be rip-roaring mad, Churchill was told by FDR that he would have to go to Moscow himself to pacify him. . . . He went.

Joe Rebuffs Winnie—Just before he got there a shipment of American war supplies to Murmansk was waylaid off the Norwegian coast by German subs, and about 75 out of 100 American ships were sunk. Stalin had been counting on these supplies for the battle of Stalingrad. . . . All this made Stalin so sore that for three days he refused to see the Prime Minister of England. For three days, Churchill cooled his heels. Finally an appointment was arranged, and the night before the Prime Minister got slightly tight. . . . Expounding to his staff after dinner, Churchill pounded the table and outlined point by point what he planned to tell Stalin the next day. In brief, he planned to give Stalin hell. . . . Next day at noon, Churchill finally saw Stalin. But Stalin did all the talking. Point by point he took up the issues Churchill had listed the night before, answered them before Churchill could raise them. Obviously he had had Churchill's room wired for sound.

Dinner With Stalin — That first meeting was not pleasant. So afterward Churchill asked for a second meeting, but got the runaround. Each time he asked for an appointment word came back that Stalin was walking in the garden. Finally it was Churchill's turn to get sore. He announced that he was returning to London. . . . Only then did Stalin invite him to his apartment, where his redheaded daughter served dinner, and the two men, thanks to plentiful vodka, made up and parted good friends. . . . But later things changed.

Concealed Surrender Offer—Bitterness between Churchill and the Russians got worse as the war dragged on. It reached an explosive climax as the German armies started retreating through Yugoslavia in late 1944, at which time eight German officers asked for a conference with Yugoslav Leader Mikhailovich. . . . They proposed surrender. . . . The war was over as far as the German leaders were concerned, and they saw no reason to continue the bloodshed. This was in October, 1944, six months before the war ended in May, 1945. . . . Mikhailovich replied that surrender was beyond his authority and turned them over to his American liaison officer, who forwarded the proposal to Lord Alexander, British Theater Commander in Italy. . . . But nothing happened. . . . Either Churchill or Lord Alexander failed to pass the surrender offer on to Washington. . . . Several months later, after the Russian armies had battled the German armies up through the Balkans, Moscow learned from captured German prisoners and Mikhailovich of the earlier German offer to surrender.

Thailand And Knowland

By Joseph And Stewart Alsop

WASHINGTON

On the eve of the Eisenhower-Churchill meeting, the disarray of American foreign policy was sadly revealed at the White House briefing of Congressional leaders by Under Secretary of State W. Bedell Smith.

According to authentic report, the meeting to hear Smith's story of the Geneva conference was both lanquid, unhappy, and the opposite of intimate. The group of Congressional chiefs was large. The President was accompanied by a large staff. He presided but did not direct the proceedings, even permitting Secretary Smith to begin his story without introduction, in the manner of a college lecturer.

As has already been published, Smith gave the assembled Senators and Representatives nothing more than a concise summary of the melancholy news dispatches from Geneva, Paris and Saigon. At the close, he ovserved that the new French Premier, Pierre Mendes-France, must be expected to make a settlement with the Communists. He forecast that the settlement would almost certainly lead to the loss of Viet Nam, and would probably lead to the loss of all of Indo-China.

The first to comment was the Senate Majority Leader, William Knowland of California. Senator Knowland said bitterly (and quite accurately) that this was nothing but "another Munich."

Smith argued that there was a moral difference. At Munich, he pointed out, the British and French gave up Czech territory; whereas in Indo-China the French are directly responsible, and are making the surrender-settlement of their own free will. At the same time, he made little effort to conceal the magnitude of the disaster to the free world.

One of the Democrats present then asked whether this disaster would require any revision of American foreign or defense policy. Secretary of State John Foster Dulles, who was sitting with the President, answered that no changes were contemplated — that we were still working for "united action" in Asia. That ended the discussion.

The President thanked those present for their patience, and in effect dismissed the meeting. As it broke up, one of the wisest and most senior Senators sardonically remarked that he supposed the countries that would join in Secretary Dulles' united action would turn out to be "Thailand and Knowland."

The sharp, shrewd joke only serves to underline the unhappy fact, that the crucial meeting between President Eisenhower and Sir Winston Churchill opened with American policy in a condition of near bankruptcy.

There is of course the State Department plan to offer a guarantee to Thailand-Poland, now that Indo-China-Czechoslovakia is to be abandoned. But there are no plans as yet to redress the world balance of power, either by a greater defense effort or by other measures. And the significance of the disaster that is overtaking us, lies precisely in the fact that it will gravely upset the world balance of power.

We have no cure, in short, for the real evil that demands to be cured. We are letting the power balance turn against us. But on such subjects as recognition of Communist China, we go on talking as though we were unchallengeably powerful. That cannot be called coherent policy-making.

By contrast, British policy, with all its obvious defects, has at any rate been coherent. The British thought that an attempt to save Indo-China would lead to world war. They believed, as Sir Winston Churchill has repeatedly said, that the British Isles would then become the "bull's eye" for Soviet air-atomic attack.

They were not prepared to risk the destruction of Britain for the sake of Indo-China. Having faced the facts as they saw them at the start, the British then acted on the same premise from start to finish. Furthermore, the British are now perfectly ready to do the painful and disagreeable things that are required by this policy of theirs.

For example, as was long ago reported in this space, the loss of Indo-China will seriously increase the danger in Malaya. Britain can ill afford more troops to combat the Communist terrorists in the jungles of Malay. But more British troops are being sent to Malaya, because this is one of the unpleasant necessities created by the board British policy line.

The contrast between the Americans and British is sharp and curious. The American administration wished to avoid a surrender; talked for a while as though it would not stand for a surrender; and at the last moment lacked the will to prevent a surrender at all costs. The British bleakly decided that a surrender was on the whole desirable; worked for a surrender; and are now getting what they wanted.

In these circumstances, neither side can lay claim to superior virtue, although each is of course blaming the other. Both will fail, however, and the Eisenhower-Churchill meeting will be a flat bust, unless the President and Prime Minister can now agree on means to prevent any more surrenders, and to redress the world balance of power rapidly and decisively. If these things cannot be done, all else is mere talk.

Doctor's Aid Can Help You Learn To Live With Diabetes

By Dr. Theodore R. Van Dellen

Jim was 36 when he developed diabetes. The disease "ran in his family" and he knew more about it than does the average person. The blood and urine tests were positive and there was no doubt about the diagnosis. His story is typical of so many others.

Over the previous three years, Jim had gained weight and the additional food he ate created a strain on a pancreas that was destined through heredity, to fail. He became suspicious that something was amiss, when he began losing weight even though his appetite had improved and he was eating more food. Jim's father suggested that his son see a physician because he gone through the same experience some 15 years ago.

Dr. Roberts weighed Jim and measured his height. He inquired about his physical activity and then proceeded to plan a diet. Insulin was to be omitted for the time being as a dietary regimen was to be tried first. Within ten days it was obvious that diet alone was inadequate. The original symptoms persisted and the sugar content of the blood and urine remained at a high level. A tentative dose of insulin was decided upon and during the next two weeks, Dr. Roberts kept close tab on Jim's condition. Every other day tests were made and the amount of insulin was increased slowly until sugar disappeared from the urine.

Jim's hardest job was to give himself injections of insulin. After all, no one likes to stick himself with a needle, yet he figured that if others could do it, so could he. Furthermore, if his life depended upon in sulin, he did not want to become dependent upon others to give him the "shots."

Initial injections were given in the physician's office where the patient practiced on foam rubber, and then upon himself. The office nurse stressed the need for cleanliness and demonstrated the current method of sterilizing the skin. In time, Jim was able to force himself to insert the needle. He also discovered that the sharper the point, the less pain and instead of discarding dull needles he learned to sharpen them.

He also was taught how to test his urine for sugar and make a daily record of the results. He was advised to read books on diabetes because the more he knew about the disease, the easier it would be to take care of himself. He learned to recognize the danger signals of diabetic acidosis, and what happened when he took too much insulin.

Unless the secretion is excessive, this condition may be considered normal. Our leaflet on postnasal drip explains the causes. Send a stamped, self-addressed envelope for the leaflet.

TREATING THE AGED

S. D. writes: What is gerontotherapy?

REPLY

Geronto refers to age and therapy, to treatment.

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made under proper limitations, when return stamped envelope is enclosed. Dr. Van Dellen will not make diagnosis or prescribe for individual diseases.

Penny Achance well placed on the outside early, moved up around horses on the turn and held away under strong handling. Possum raced wide on the first turn, continued wide throughout and just got up to outfinish Judy R. The latter had good speed but let the field outrun her, saved ground along the rail then rallied well when called on. WINNER—Owned and trained by G. A. Saportas.

Occupola easily outsprinted his field, set the pace under wraps but had to be roused to hold the persistent challenge of Hunters Glory. The latter was under repeated pressure forcing the pace and continued gamely. Little Fang saved ground but was no menace to the top pair. Gessy B. had no excuses. Twilight Mist taken out of tight quarters just after the break recovered to race forwardly, assumed command as Lu Lu Miss gave way and increased her margin when ridden out to the end. St. Isidore rank early closed well in the late stages and might need more ground. Lu Lu Miss had high early speed but faltered. Patti L outrun early was going well at the end. The others were badly outrun.

WINNER—Owned by J. Rogers; trained by G. C. Everhart.

Moon Gay reserved while racing on the outside throughout, remained in the thick of contention while losing ground and continued gamely to gain a hard earned verdict under pressure. Copsa vied with Witch's Gal most of the running, got in front in deep stretch and just failed to last. Caunsil, sluggish early, rallied well but too late. Witch's Gal set the pace while hard pressed the first five furlongs and weakened only slightly in the drive. La Bu-Te was pinched back along the inside and failed to recover. Be Smart lacked speed. Hannah L was choppy and showed nothing.

Grace Brown, strongly ridden, kept after the pacesetters and came on through the middle of the course to wear down Fleeting Heart and draw clear at the end. The latter moved along the inside to assume command as Freada W. gave way but could not hold the winner. Myrt not rushed early, failed to respond when called upon. Freada W had high speed but went wide while tiring. Miss Jubilee was carried wide by War Sister on the first turn. Ace-To-Five could not keep up after breaking alertly.

Sunwac hard held racing outside of horses throughout, swung very wide for the final drive but continued to gain and got up to nip Ballawood. The latter intermittently urged to stay between horses, displaced Just Fair in mid-stretch but swerved badly under the whip and was outfinished. Just Fair set an even pace under wraps but tired and faltered in the drive. Harpist pressed the pace for six furlongs and tired from his efforts. Jacodancer flattened out. Gehauf's Defeats Cunningham's, 7-2

Gehauf's Amoco, behind the two-hit pitching of George Harris, defeated Cunningham's Grocery, 7-2, in the only City Softball League action yesterday.

Harris pitched hitless and runless ball for 6⅔ innings when a single off the bat of Earl Drenning spoiled his bid for a no-hitter. The Grocers went on to score two runs in that inning.

The Gasmen put the game on ice in the fourth inning when they pushed across four tallies. The big blow of the inning was a bases loaded triple by Harris. Mil Dean connected for a double and single for the winners while Null collected the only other hit for Cunningham's. Score:

Miss Foray's $42.80 Payoff Heads Parade

One Favorite Scores, Russo Catches Teague, 5,000 Wager $149,570

Long shots "stole the show," Occupola notched his fifth win at Fairgo in four years and Anthony Russo tied Donald Teague for first place in the jockeys' race on the Pittsburgh Day program yesterday at the Cumberland Fair Grounds.

A gathering of 5,000 wagered $149,570 as the ten-day meeting reached the halfway mark. The total mutuel handle for the five days hit $790,469, or an average of $158,093 per day.

Yesterday was one of the best days for "long shots" in the history of 10-day meets here.

With the exception of the second race in which George A. Saportas' Occupola was returned the winner, all of the events were captured by outsiders with payoffs ranging from $42.80 to $14.60.

Miss Foray's Price $42.80

The top payoff on the fifth day was posted in the mile and a sixteenth 8th when Miss Foray, a better than 20 to 1 shot, defeated Renounce and returned $42.80. This was slightly less than the $45.40 paid by Jamitchie, the longest shot winner of the current session. Arthur Monteiro was aboard this "good thing."

Don Boston, who scored with Jamitchie last Friday, had a leg up on A. S. Garthright's Sunwac which won the 7th by a photo finish over Ballawood, the public choice, and rewarded backers with $34.00 for each $2 win pasteboard.

Next best price in the long shot line was Moon Gay's $26.40 in the fifth. Eugene Dosher booted home the 4-year-old bay filly ahead of Copsa and Caunsil, the favorite, in this number.

Only One Favorite Wins

Grace Brown, "Tony" Russo up, scored in the sixth at $20.60. Twilight Miss took the fourth at $16.40, Penny Achance was home first in the opener at $15.80 and Astrum captured the third at $14.60.

Occupola was the only favorite to register and returned $4.40 for $2. The Saportas-owned gelding coupled with Penny Achance as the 8-5 winning daily double combination netted $41.60. The double pool of $18,450 was the second best of the meeting.

Russo Catches Teague

Russo's win aboard Grace Brown in the sixth race was his sixth of the season and tied him with Teague for first place in the jockeys' race. Dosher brought home a pair of long shots to up his total to five wins for the meet to deadlock Willie Clark and Mike Sorrentino.

William D. Thomas remained on top on the trainers' race with three winners. Five have saddled two winners each.

Today's is Dapper Dan Day at Fairgo with the owner of the winner in the sixth race to receive a defense bond which will be presented by Al Abrams, Pittsburgh, national president of the Dapper Dan organization.

Eight three-year-olds are scheduled to go postward in the feature event which will be over 6½ furlongs.

Trying to gain their second purse at this meeting will be Gallant Tonto, John Nick and Lover's Knot.

OCCUPOLA SCORES 5TH VICTORY AT FAIRGO—The lone favorite to score at Fairgo yesterday was Occupola, 6-year-old gelding, owned and trained by George A. Saportas, of Monkton, Md. Occupola defeated Hunters Glory in the second race and coupled with Penny Achance, winner of the opener, returned $41.60 in the daily double. Mike Sorrentino was aboard Occupola which romped home the winner for the fifth time in four years at the local half mile oval and paid $4.40. Occupola scored two wins here last year and one each in 1952 and 1951. The son of Occupy (No. 5) is shown beating out Hunters Glory (No. 7) for top money yesterday.

Fairgo Notes

Al Garry, former basketball official and now president of the Newark (N. J.) Dapper Dan Club Chapter, is here for the races. He is accompanied by Eddie Dobosz, owner of Bim Spy in charge of Trainer Jimmy Cremmen, and Bill Dosher, also of Newark.

State Senator Kenneth McLaughlin of Washington County was among the guests of the Cumberland Fair Association yesterday.

Occupola has figured in Fairgo daily double payoffs four times in the last five years. The best price came last year when the 7-7 combination of Occupola and Duff returned $123.80.

The 6-year-old gelding is owned by Mr. and Mrs. George A. Saportas, Monkton, Md. Mrs. Saportas, better known as "Babe" is now training a string at Thistledown track in Ohio and she will ship from there to Hagerstown. This is the first year the "Babe" has missed the Fairgo session since 1947. She led the trainers here in 1952 and 1953 and tied for first place in 1948, 1949 and 1950.

George was a former gentleman rider and was active in the days when Racing Secretary J. Fred Colwill was winning with the great jumper Blockade.

Other horses being conditioned by Saportas at Fairgo are Lady Hercules and Devils Breath.

Alexis, the 11-year-old campaigner who was installed the favorite in yesterday's eighth race, and finished fifth, ran second to Hoop Jr. in the 1945 Wood Memorial and wound up tenth in the 16-horse Kentucky Derby of that year.

The 12-year-old gelding has lifetime earnings of almost $150,000. Over a 9-year period he's averaged $16,222. He's been "in the money" five times in eight outings this year which is pretty good for the gallant oldtimer.

Drobny And Patty Register Stunning Upsets In Tennis

Beat Hoad, Seixas At Wimbledon Nets

By STERLING SLAPPEY

WIMBLEDON, England, June 28 (AP)—Jaroslav Drobny and Budge Patty, old line tennis travelers who left home early and have been moving ever since, made Wimbledon's seeded list look upside down today with quarterfinal upsets of Lew Hoad and Vic Seixas.

The efforts of these two, seeded eleventh and seventh, respectively in what amounts to the world champions of amateur tennis, greatly enhanced Tony Trabert's chances of adding the Wimbledon title to his American championship.

Trabert Whips Rose

Trabert, the top-seeded player, breezed past the first Australian obstacle in his path, Mervyn Rose, 6-2, 6-2, 7-5 to lead the way into the semi-final round. Only one other Australian was left to oppose him as 19-year-old Ken Rosewall eliminated his countryman, Rex Hartwig, 6-3, 3-6, 3-6, 6-3, 6-1, after an unexpectedly hard tussle.

The day's big news, however, was that Hoad, the second-seeded player, and Seixas, the defending champion who was rated fourth, had the daylights whaled out of them by a couple of players who aren't supposed to provide much opposition.

Drobny Drubs Hoad

Tubby Drobny, a Czech-born Egyptian who makes his home in England, trounced Hoad, 6-4, 6-3, 6-3, when he had been expected to lose in straight sets. The 32-year-old Drobny, seeded 11th, thought he should have been rated higher and said: "I went out to prove it against Hoad today."

Defending champion Seixas lost to Patty, 7-5, 4-6, 6-3, 6-2. Patty was the 1950 Wimbledon champion.

While all this was going on, the girls were playing their round of 16 according to form.

No. 1 seeded Maureen Connolly of San Diego, Calif., took two love sets from Britain's Angela Buxton. No. 2, Doris Hart of Coral Gables, Fla., defeated Nicla Migliori, Italy, 6-1, 6-1.

Shirley Fry Scores

Shirley Fry, Akron, Ohio, beat Pat Ward, Britain, 6-3, 6-1; Louise Brough, Beverly Hills, Calif., beat Barbara Bradley, Reno, Nev. 6-1, 6-1, and Mrs. Margaret DuPont, Wilmington, Del., defeated Christiane Mercelis, Belgium, 6-1, 8-6. They're 3, 4 and 5 in the seedings.

Mrs. Betty Pratt, of South Orange, N. J., No. 8, became the sixth American semi-finalist with a 6-4, 3-6, 6-3 victory over Britain's Joan Curry.

Bolt Is Winner In Golf Playoff

Beats Earl Stewart, Cops $2,400 Prize

WETHERSFIELD, Conn., June 28 (AP) — Tommy Bolt, fighting desperately to protect a one-stroke lead, won the Insurance City Open Golf Tournament 18-hole playoff today when Earl Stewart conceded on the final green in a heavy shower.

For the colorful Bolt, a transplanted Texan from Halworth, Okla., the action was worth top money of $2,400. Stewart collected $1,800. Both also split half of the gate receipts today, valued at about $1,000.

Both had ended the 72-hole tourney yesterday with 271s forcing the playoff.

Freddie Eichner fanned seven Red Sox and aided his cause with a pair of home runs. Bruce Smith also hit for the circuit. Rice, R. Long and Stevenson shared six of the Red Sox nine safeties.

The Tigers outlasted the Dodgers in a Dan Division tilt at Stitcher Field, 14-13.

Jimmy Kline's two-base hit drove in the tying and winning runs to climax a 7-run rally in the final inning. DeArcangelis rapped two singles and a double, Dela Grange homered and singled and Imes and Kline garnered a double and single each. Gaffney smashed two homers for the Dodgers. The scores:

Sheehe's Home Run Sews Up Game, 7-6

The Times-News eked out a 7-6 decision over the Lions Club in a Hot Stove Baseball League game yesterday at Penn Avenue Field.

The winning blow was struck by John Sheehe in the fourth inning when he poled a home run to left field after Jerry McGreevy had walked and pilfered second and third.

McGreevy hit for the circuit in the second frame after Dave Durst had tripled with two mates aboard.

Beck, who relieved McGreevy in the first inning, got credit for the win. He fanned nine and issued only one pass. Valentine went the route for the Lions and whiffed seven and walked nine.

Garlitz, Valentine and Knippenburg of the Lions and McGreevy and Sheehe of the Times-News had two hits each.

Mantle Hits Homer But Yankees Lose

BINGHAMTON, N. Y., June 28 (AP) — Mickey Mantle's seventh-inning home run with a man on base was the only display of Yankee power today as the world champions bowed to their Binghamton Eastern League farm club 5-2 in an exhibition.

A crowd of 4,867 saw the Triplets score one run in the first inning, two in the fifth and two in the eighth against southpaw Bob Wiesler, who pitched the distance for the New Yorkers.

Bob Lemon Suffers From Pulled Muscle

CLEVELAND, June 28 (AP) — The Cleveland Indians headed east today, but pitcher Bob Lemon stayed here for an X-ray and treatment of a pulled muscle in his left side.

Manager Al Lopez said he hoped the injury his ace right-hander incurred while at bat yesterday will be mended sufficiently for him to pitch in the Chicago White Sox series here this weekend.

The muscle tear, between his eleventh and twelfth ribs, was caused when Lemon swung and popped up in the second inning of yesterday's 4-3 victory over the New York Yankees.

Brooklyn Dodgers Recall Pete Wojey

NEW YORK, June 28 (INS)—The Brooklyn Dodgers today recalled 31-year-old righthander Pete Wojey from Mobile in the Southern Association.

Wojey, who has posted an 8-3 record with Mobile, was brought up to replace Johnny Podres on the Dodger staff. Podres has been placed on the disabled list after undergoing an appendicitis operation last week.

The second place Dodgers, who begin an important three-game series with the league-leading Giants tomorrow night, also turned to their St. Paul farm team in the American Association for some outfield help.

The Dodgers recalled Walt Moryn, a .301 hitter with the Saints and sent the St. Paul Club outfielder Don Thompson as a replacement.

The American short-tailed shrew is the farmer's friend. It is death to insects and rodents, for its saliva glands contain a poison similar to a cobra's.

Yogi Berra Leads Vote Getters In All-Star Classic

CHICAGO, June 28 (INS)—Gogi Berra, the New York Yankees durable catcher, has taken the lead as the highest individual vote getter in the all-star baseball poll to determine starting lineups for the baseball classic at Cleveland July 13.

With only five more days of voting left, the 29-year-old slugger from St. Louis had been named on 332,998 ballots, 2,281 more than Stan Musial of the St. Louis Cardinals, who had headed the poll almost since it started 18 days ago.

Harvey Kuenn, 23-year-old Detroit Tiger shortstop, moved ahead of Chicago's Chico Carrasquel by 2,464 votes in balloting for the eight positions in each league. The managers will select their own pitchers.

Daily Bridge Lesson — by Barclay

FOR A MAJOR 4-4 FIT

EVER since keen devotees of bridge have realized the importance of locating a major-suit of four cards opposite four, if one exists in the deal, the more able competitors have stressed that factor, and have been distinguished by the larger proportion of such contracts they reach than their less efficient brethren and sisters. Unless you have methods which handle that problem, you are at a disadvantage.

	♠ A K 10 9 ♥ J 10 5 ♦ A J 8 ♣ K 7 5	
♠ J 6 ♥ 9 6 4 ♦ Q 6 5 4 ♣ Q 10 3 2	N W E S	♠ Q 4 3 ♥ A Q 3 ♦ K 9 3 ♣ 9 8 6 4
	♠ 8 7 5 2 ♥ K 8 7 2 ♦ 10 7 2 ♣ A J	

(Dealer: East. Neither side vulnerable.)

There is the bidding at four tables in a duplicate game. At Table 1, the contract of 2-No Trumps was barely made, as was the case at several similar tables.

Wherever the better bidders reached spade contracts, three-odd were taken by the finer cardsmen. At Table 2 was a South who realized his partner might have four cards of one major, so made it as easy as possible for him to bid it by calling the lower, which was stopped.

Table 3 shows use of the American device called the Stayman convention, where the partner of a No Trump opener calls an artificial 2-Clubs to compel the first bidder to name a four-card major if he has one.

Table 4 presents the way such a hand can be bid by users of the new Roth-Stone system, which permits an original major bid only on five cards or more. When one opens with a minor, the partner must bid a four-card major if he has one, hearts if he has both; in the latter case, North must bid spades if he has four, lacking four hearts.

Of course there were also people who opened with 1-Spade on the four-card suit, and they too made out all right, as did all those who reached spade contracts.

Tomorrow's Problem

	♠ 6 5 4 ♥ A K 7 ♦ Q J 8 3 ♣ A 5 3	
♠ 3 2 ♥ 10 8 2 ♦ A 9 6 5 ♣ K J 10	N W E S	♠ A K Q 10 9 8 7 ♥ Q 6 5 ♦ 7 2 ♣ 9

(Dealer: North. Both sides vulnerable.)

If North bids 1-Diamond, East 3-Spades and West 4-Spades, what influence should a double by North have on the play?

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Secrets Of Charm

by John Robert Powers

Some women, like some flowers, wilt as the temperature soars; others take warm days and cool days in their stride with equal aplomb. Why not, when you can air condition yourself by adapting your attitude, your dress, your grooming to the weather? Try it over the long weekend ahead.

There are dozens of ways to make summer a more comfortable season: eat salads; drink iced coffee; get your exercise at pool or beach; and relax!—that's one secret you must learn.

The more you rush, the less you accomplish, so gear your schedule to an unhurried pace. Plan your most demanding, most difficult tasks for the day's cooler, earlier hours, so you can take it easy as the heat intensifies.

Summer Fashions

Choose crisp, easy - to - care - for clothes in your most becoming cool colors. Keep them fresh and neat; the fresher they look, the fresher you'll feel. Don't neglect the figure beneath, either. My fashion expert advises that the foundation garment industry anticipates your desire for light, airy underfashions—with brassieres of cotton eyelet, girdles of cotton mesh. The hosiery people, says she, are just as aware of your summer wants, for they offer knee-high stockings for every occasion, sports and dress.

Shower or bathe both morning and night, to help keep your skin fresh and clear. Use dusting powder or cologne in generous amounts for added freshening effect. Select a perfume that's light and gay.

Switch from your regular shades of makeup to darker shades that match your deepening tan. Replace your dark lipsticks (if you haven't already) with an orange-red or a pink, as your complexion dictates. Try a new hair style that's short-cropped in back and easy to set, one that won't be put askew by balmy breezes.

For Freckles

If you freckle easily, protect your skin with oil or lotion when basking in the sun. Protect your eyes by wearing sunglasses. Don't let your manicure or pedicure lapse just because "it's too hot to bother." You'll find, if you do "bother," that you'll actually feel better because you know you look better.

I won't say that being uncomfortable on a hot day is "all in the mind," as you've probably been told that before. But I will say that you'll feel (and look) more alive, more alert, if you set your mind on other topics, such as being lovely to look at, every day of every heat wave.

Tomorrow — When away from home.

Ryan Piles Up Big Lead In County

GOP Incumbents Hold Their Own In 61 Precincts

Commissioner Race Only Upset

BULLETIN
State's Attorney—70 precincts: Fletcher 4,408; Whitworth, 3,389.

At an early hour this morning, with 61 of 90 Republican precincts tallied, it was evident that several Republican candidates must know they had been in a close party contest.

Paul M. Fletcher, state's attorney, had the greatest run of his career, when he was seriously challenged by another prominent local attorney, Horace P. Whitworth Jr.

In the earlier tabulation of 30 precincts, Whitworth held a slim edge, but as more returns rolled in, Fletcher's tally climbed steadily and he had piled up a majority of a thousand or so votes at the two-third mark.

In the much publicized and greatly discussed race for State Senate, Robert B. Kimble, the incumbent, was also seriously challenged for a time by Attorney Earl E. Manges. At the one-third mark of 30 precincts, Kimble held a lead of fewer than 325 votes and at the two-third mark, Kimble had piled up a reasonably safe edge of just under a thousand.

Close County Race

Perhaps the most widespread interest was in the contest for County Commissioners. With three to be elected, and the three incumbents challenged by five other candidates, it was indicated early that a real ballot battle was on.

William H. Lemmert, James Orr and James Holmes, the incumbents, running as a slate, were challenged all the way by Charles N. Wilkinson, Simeon W. Green, and Virgil Alexander.

However, from the earliest reports, Wilkinson gained an edge which he built and gained on steadily. With 61 precincts tallied, he led the field with 3,318 votes. Orr was in second spot with 2,958, and Lemmert clung to third place with 2,742. Holmes was a close fourth with 2,570 and Green moved steadily forward in fifth slot with 2,238. Alexander held sixth position with 1,552. J. William Beck had 1,295 and Manson M. Durr polled 662 to trail last.

With the nomination of both Wilkinson and Orr almost assured, it marked the first time in years that two Cumberland men would be elected to the Board, barring, of course, any serious challenge by the Democrats in November.

All the other Republican contests ran about as expected with no major changes anywhere. Outsiders threatened the incumbents at times, but nowhere was any "old" officeholder in great jeopardy.

Thirty precincts tallied for the GOP State Central Committee reveals the following:

Samuel M. Berry, 1,423; Victor M. Hebb, 1,398; Edgar M. Lewis, 1,398; George F. S. Jeffrey, 1,174; Thomas Elias, 1,101; David J. Williams, 1,064; Thomas Wright Williams, 935; Francis D. Miller, 930; Kilgore Izzett, 632; Francis G. Philpot, 529.

This tally represents one-third of the county's precincts.

Mahoney Takes Early Lead In Garrett County

Support For Ryan Is Tremendous

George P. Mahoney had gained a substantial lead in Garrett County's first tabulated returns late last night with 19 of the westernmost area's 27 polling places giving him a plurality of 174 votes over his opponent in the gubernatorial contest, H. C. Byrd.

The tally showed:

George P. Mahoney	820
Harry C. Byrd	646

In 18 of 27 precincts reporting, Mahoney's running mate, Philip H. Dorsey, Jr., was well ahead of his two opponents in the contest for attorney general.

The tally showed:

Phillip H. Dorsey	621
C. Ferdinand Sybert	396
T. Barton Harrington	130

In these same precincts, Edward J. Ryan, prominent and popular Allegany County attorney, candidate for Congress, was making an outstanding showing. Garrett County gave him nearly a thousand vote plurality over his two opponents, who barely had a look-in.

The tally:

Edward J. Ryan	1,071
Byrne Austin	87
Charles M. Irelan	47

J. Millard Tawes, attorney general, who has always run well in Garrett County again received a popularity poll in yesterday's balloting. Of 18 precincts reporting, he had an edge almost as strong as Mr. Ryan's.

The tally:

J. Millard Tawes	1,035
Harry Kemper	119

On the Republican side of Garrett County's Primary, 22 precincts out of 27 were tallied. Gov. Theodore R. McKeldin, who made numerous recent visits to Garrett County, as expected, ran far ahead of the field, as he did everywhere else in the state.

The tally:

Theodore R. McKeldin	2,101
James Wolcott Gum	215
Temus R. Bright	163
Pedro A. del Valle	56

The major local contest in Garrett County was for State Senator with Clifford Friend and Arthur H. Green the top candidates.

The tally showed:

Clifford Friend	1,535
Arthur H. Green	1,097

Balloting was light in Garrett County, and did not quite reach earlier predictions of a medium to heavy vote.

Assessors Start Annual School

Five representatives from Allegany County registered yesterday at the University of Maryland in College Park as the ninth annual short course for assessors got underway.

Attending from here are Somerville Nicholson, supervisor of assessments; Claude R. Woodard, W. Edward Eichner, Francis J. Plummer and Maynard G. Hasenbuhler.

Sponsored jointly by the Maryland Association of Assessing Officers, the National Association of Assessing Officers, the Maryland State Department of Education, the Maryland State Tax Commission, and the University of Maryland, the course will include lectures from prominent experts, both outside and inside the State of Maryland, each being a recognized authority.

Purpose of the annual school is to improve tax assessing methods throughout the state through instruction and discussion on legislation and tax problems. Graduation certificates will be awarded assessing officers completing the prescribed course on Friday, July 2.

City Proves Ready To Meet Emergency As Storm Strikes

Cumberland proved itself ready to meet an emergency Saturday when the city was hit by what may have been the worst windstorm ever to visit this area.

Every public and private emergency service and public safety division was pressed into immediate service. Public and private officials and observers were impressed with the cleanup job, and the steps taken by every responsible party to prevent further disaster or tragedy.

Mayor Roy W. Eves yesterday presented "well done" accolades to the hundreds of workers, paid and volunteer, who swung into action after the windstorm swept across the city.

He said all of the workers did a good job in cleaning up the debris left by the storm, and lived up to the tradition of their services in working long hours to protect lives and restore essential services.

The mayor also praised the citizens of the city for their understanding and patience while waiting for overworked crews to repair storm damage.

The City police and fire departments were swamped with calls. Every piece of fire and police equipment was on the move during and after the storm. Ridgeley volunteer firemen filled in here and Cresaptown and LaVale volunteer firemen stood by in case they were needed.

As reports came in of blocked streets and highways, street and road crews moved out immediately to remove fallen trees, debris and limbs. Along Braddock Road, where many trees were damaged, flares were placed to protect motorists. Barricades were erected around damaged buildings, rope lines were strung and the public was protected.

Telephone and electric power company crewmen, busy with the task of restoring service as quickly as possible, were a great factor in helping clear debris.

Power service was out at the Memorial Hospital for several minutes, but crews concentrated on bringing emergency service there.

The Red Cross, according to Mrs.

Flynn To Accept AAA Pedestrian Safety Award

Chief of Police R. Emmett Flynn will go to Baltimore today to accept a safety award which is to be presented to the City of Cumberland.

The award will be presented by the Maryland unit of the American Automobile Association in recognition of the city's "no pedestrian fatality" record made last year.

The presentation will be made at a luncheon meeting at 12:15 p. m. at the Park Plaza Hotel.

Chief Flynn will be accompanied by Mrs. Flynn.

City To Collect Debris Of Storm Left Along Curbs

Broken tree limbs and other debris from Saturday's windstorm will be collected by the Street Department if placed at city lines or along street curbs, Commissioner Lucile W. Roeder said at yesterday's meeting of the Mayor and City Council.

She added, however, the city department will not be responsible for tree branches on private property. Several hundred trees were reported damaged in the gale Saturday.

Veterans Memorial Suggested As Name For New Bridge

In a letter to the Mayor and Council Fort Ashby Post No. 6667, Veterans of Foreign Wars, suggested that the new Cumberland-Ridgeley bridge be named Veterans Memorial Bridge.

Marshall Kenney, commander, said the post would like to see the bridge become a memorial to all those who made the supreme sacrifice in World Wars I and II.

Voting In Primary Slow Despite Perfect Weather

It was a beautiful day for the races . . . both running races and political races. And it's also anybody's guess which event drew the largest crowd.

As Allegany County's voters began going to the polls early yesterday morning, election workers began ringing telephones and doorbells in an effort to get as many votes out early as possible.

Throughout most of the county outside of Cumberland, voting in both party primaries was brisk and in many sections, percentage-wise, was about on a par.

However, in Cumberland, voters came in a mere trickle. At no time anywhere was it necessary to wait more than a minute or two to get a ballot and mark it. Voting in Cumberland, all through the day, was very light, and by noon only about 11 per cent had exercised their right of franchise.

Not so in the county. Georges Creek, where people take their politics and their baseball seriously, had a 25 to 30 per cent vote in most places by noontime. Long a stronghold of Republicanism, and for many years boastful that they elect most of the county's officeholders, the Georges Creek residents lived up to tradition, came out to vote and voted.

There were no unusual incidents anywhere. Voting was quiet. Workers grumbled because no one seemed interested, and the day dragged because of a lack of activity.

The Republican regular organization was well united and made a strong drive for favorite sons, most of them incumbents. Outsiders interested in holding office worked individually and collectively to unseat some of the longtime office holders. Autos everywhere showed various Republican tie-ups, indicating some semblance of good organization, even among the "outsiders."

On the Democratic side, a stiff and sometimes bitter contest raged between the Mahoney and Byrd camps. Both sides had caravans of autos and scores of precinct workers on duty the full 12 hours from 7 a. m. to 7 p. m.

Every known gimmick was employed in an effort to plan victorious campaigns. But when the workers failed in their early efforts to get out the vote on washday and then faced the exodus to the race track in the afternoon, they spent much of the afternoon just visiting.

A few determined workers could be seen traveling about the city hauling voters to the polls. At one precinct, visited on a casual tour,

Three Contracts For School Jobs Gain Approval

Projects To Cost Total Of $38,173

Contracts for three projects costing a total of $38,173.02 have been approved by the Allegany County Board of Education, Superintendent of Schools Ralph R. Webster reported yesterday.

Biggest of the three jobs is the rewiring of Pennsylvania Avenue School by the Maryland Electric Company, 174 North Centre Street, at a cost of $19,410.

The Maryland Electric Company bid calls for the use of fluorescent fixtures in all 34 rooms, hallways and the auditorium. That price was $2,677 higher than the low bid of $16,733 offered by the Queen City Electric Company, 158 Frederick Street, with the use of incandescent fixtures. Maryland bid $17,290 with incandescent fixtures but was much lower than the $27,586 price of Queen City with fluorescent fixtures.

Webster said that the higher installation cost for the fluorescent equipment will be more than offset by lower operational and maintenance costs.

The George F. Hazelwood Company was awarded the contract for laying an eight-inch water line from Route 40 along Parkside Boulevard some 1,500 feet to the site of the new elementary school in LaVale on a low bid of $11,948.

George V. Steele, 152 Thomas Street, received the contract for repainting the exterior of Beall High School in Frostburg on a low bid of $6,715.02. The school, built in 1939, is badly in need of paint. Most of the school is two stories high although the center tower is four stories and other parts of the building are three stories.

Jane Grindel Named Guidance Director At Beall High School In Frostburg

Miss Jane H. Grindel, 101 McCulloh Street, Frostburg, who has taught junior high school reading at Allegany High School since 1942, has been appointed director of guidance at Beall High School in Frostburg for the coming school year, according to Assistant Superintendent of Schools Richard T. Rizer.

Miss Grindel will fill the place that has been vacant since the Spring of 1953 when Miss Barbara Wright resigned to further her education in New York City.

The new guidance director attended Frostburg State Teachers College and received her bachelor of arts degree from the University of Maryland in 1939. She obtained her master's degree in 1950 from Teachers College at Columbia University in New York. Before she began teaching at Allegany, Miss Grindel served six years as a social worker for the Allegany County Welfare Board.

MISS JANE H. GRINDEL

Rizer also announced the appointment of Mrs. Flora Cook Lease of McMullen Highway, Cresaptown, to succeed Miss Grindel on the Allegany faculty. A 1949 graduate of Frostburg State Teachers College, Mrs. Lease taught the next two years at Cresaptown Junior High School. The past year she has been teaching at Ridgeley High School.

Another new teacher for the coming school year is Miss Mary Margaret Sterbutzel, 529 North Main Street, Masontown, Pa., who will teach English and journalism at Valley High School in Lonaconing. She succeeds Mrs. Patricia Green Curtis, who has resigned to join her husband.

Miss Sterbutzel was graduated from Seton Hill College, Greensburg, Pa. The past year she taught American and ancient history and supervised the school newspaper at Point Marion (Pa.) High School.

Little To Serve Time In Jail

Leonard ("Chick") Little, who formerly operated a pool room on North Liberty Street, will be permitted to serve his six-month sentence on a bookmaking conviction in the Allegany County Jail, Chief Judge Joseph D. Mish in Hagerstown disclosed last night.

When found guilty by a Washington County Circuit Court jury on a bookmaking charge last November, Little was fined $1,000 by Judge Mish and was sentenced to six months in the Maryland House of Correction. The case had been removed from Allegany County.

Little appealed the conviction, which was upheld by the Maryland Court of Appeals May 24. The appeals court ruled that the state policemen who testified against Little at least had the right as "members of the general public" to testify at his trial.

Judge Mish said last night that he signed an order last Friday in Washington County Circuit Court giving Little permission to serve his time in the County Jail here. He said that Little submitted a doctor's report which showed that he needed medical care which he could best get in Cumberland.

Little will have to serve the full six months in the County Jail whereas he could have been released from the House of Correction after five months, according to Judge Mish.
